SLAIN ON STREET.

New York City Lady Shot Down While on a Chicago Thoroughfare.
Chicago, Aug. 23.—Mrs. S. E. Mize of New York City was shot and killed Tuesday night by a robber. Accompanied by Mrs. E. F. Wilson, also of New York, Mrs. Mize left the Del Prado hotel, where they were staying, about 10 o'clock for a short walk. At Fifty-eighth street and Washington avenue, a short distance from the hotel, they were stopped by two men, who demanded their valuables. Mrs. Mize started to run, when one of the men shot her in the head. She died a few minutes after being taken to the hotel.

CAUSED BY HOGS.

Load From Shotgun Terminates Earthly Career of Negress.
Hempstead, Tex., Aug. 23.—Jodie Matthews, a negress, was killed near here by a shot from a shotgun. Turner Simms, also colored, is in jail. Jodie Matthews' hogs stole Paris green from Turner Simms and died. Her husband and Simms got into a difficulty over the matter, and the families of both came to the rescue, and Jodie Matthews was killed in the melee that followed.

MIRACULOUS ESCAPE.

Throat of Negro Was Severed From Ear to Ear.
Colorado City, Tex., Aug. 23.—Paul Williams, a negro restaurant cook, had his throat cut from ear to ear. By some miracle the slash just missed the jugular vein, making a dangerous but not necessarily fatal wound. John Hays, a negro barber, surrendered to Sheriff Johnson, and was placed in jail on a charge of assault to murder.

These are the negroes who engaged in a running pistol duel on the streets Sunday afternoon, and at the time of the last difficulty both were out on bond under charges growing out of that shooting bee.

FEARFUL FIRE.

Ten Thousand Acres Burned Over and Many Cattle Perish.

San Antonio, Aug. 23.—Near Cline, 110 miles west, a prairie fire devastated 10,000 acres, burned half a dozen corrals, several miles of fence and suffocated by the heat and smoke over 10,000 cattle. The fire started Sunday night and raged all day Monday. The Southern Pacific railroad ordered out two gangs of section hands to help fight the fire, and they were joined by the cattlemen of that section, but despite their efforts nearly sixteen miles of grass was laid bare by the flames. For a time it looked as if that section would be completely devastated.

Burned to Death.

Anna, Tex., Aug. 23.—An oil can in the hands of Mrs. J. C. Luna exploded, saturating her with the flaming oil and burning almost every vestige of clothing from her body. She died about five hours after the accident. It so happened that her parents were there on a visit at the time of her misfortune.

IMMEDIATE STATEHOOD.

Resolutions to This Effect Adopted by Convention at Muskogee.

Muskogee, Aug. 23.—Resolutions declaring for immediate statehood for Oklahoma and Indian Territory as two states were adopted by the Statehood and Constitutional convention of the Five Civilized Tribes of Indians.

After the appointment of a committee of fifty-one which is to draft a constitution for presentation to the convention the gathering adjourned to await the work of the committee. The committee will meet daily, dividing the work of drafting the constitution among sub-committees. This, it is believed, will consume two or three weeks' time. The prohibitionists apparently have won their fight and will be permitted to prepare a strong prohibition plank.

Convention adjourned until Sept. 5.

Opera House Proposition.

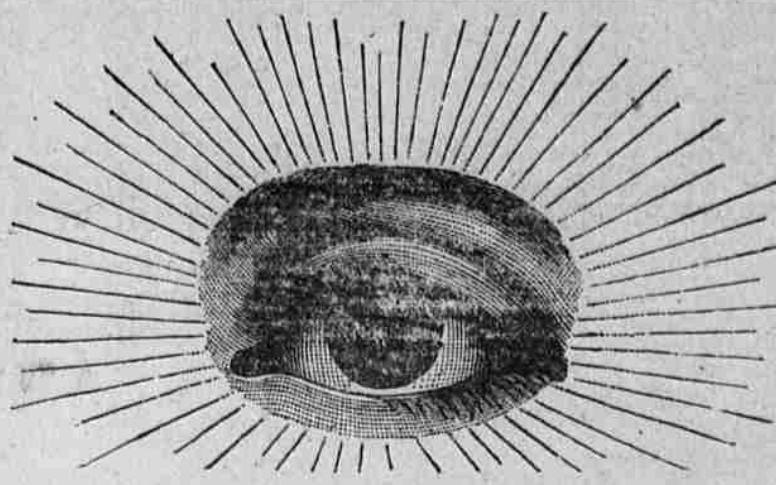

Chicago, I. T., Aug. 23.—J. R. Marbois, a St. Louis capitalist and opera house promoter, is here and has made the citizens a proposition to build a \$25,000 opera house. The company which he represents has built opera houses at Muskogee, Tulsa and other cities. The proposed building is to be a magnificent up-to-date structure.

Boys Fight at Revival.

Shawnee, Okla., Aug. 23.—A fight at Belmont, eight miles north of this city, resulted in the probable death of Ira Hunnicut. The participants were two boys. Hunnicut was struck over the head by a blunt instrument and was rendered unconscious. The other boy, fourteen years old, fled.
